## AN ACT

To repeal sections 142.803 and 142.822, RSMo, and to enact in lieu thereof two new sections relating to taxation of motor fuel, with an emergency clause.

*Be it enacted by the General Assembly of the State of Missouri, as follows:*

Section A. Sections 142.803 and 142.822, RSMo, are  
2 repealed and two new sections enacted in lieu thereof, to be  
3 known as sections 142.803 and 142.822, to read as follows:

142.803. 1. A tax is levied and imposed on all motor  
2 fuel used or consumed in this state as follows:

3 (1) Motor fuel, seventeen cents per gallon;

4 (2) Alternative fuels, not subject to the decal fees  
5 as provided in section 142.869, with a power potential  
6 equivalent of motor fuel. In the event alternative fuel,  
7 which is not commonly sold or measured by the gallon, is  
8 used in motor vehicles on the highways of this state, the  
9 director is authorized to assess and collect a tax upon such  
10 alternative fuel measured by the nearest power potential  
11 equivalent to that of one gallon of regular grade gasoline.  
12 The determination by the director of the power potential  
13 equivalent of such alternative fuel shall be prima facie  
14 correct;

15 (3) Aviation fuel used in propelling aircraft with  
16 reciprocating engines, nine cents per gallon as levied and  
17 imposed by section 155.080 to be collected as required under  
18 this chapter;

**EXPLANATION-Matter enclosed in bold-faced brackets [thus] in this bill is not enacted and is intended to be omitted in the law.**

19           (4) Compressed natural gas fuel, five cents per  
20 gasoline gallon equivalent until December 31, 2019, eleven  
21 cents per gasoline gallon equivalent from January 1, 2020,  
22 until December 31, 2024, and then seventeen cents per  
23 gasoline gallon equivalent thereafter. The gasoline gallon  
24 equivalent and method of sale for compressed natural gas  
25 shall be as published by the National Institute of Standards  
26 and Technology in Handbooks 44 and 130, and supplements  
27 thereto or revisions thereof. In the absence of such  
28 standard or agreement, the gasoline gallon equivalent and  
29 method of sale for compressed natural gas shall be equal to  
30 five and sixty-six-hundredths pounds of compressed natural  
31 gas. All applicable provisions contained in this chapter  
32 governing administration, collections, and enforcement of  
33 the state motor fuel tax shall apply to the tax imposed on  
34 compressed natural gas, including but not limited to  
35 licensing, reporting, penalties, and interest;

36           (5) Liquefied natural gas fuel, five cents per diesel  
37 gallon equivalent until December 31, 2019, eleven cents per  
38 diesel gallon equivalent from January 1, 2020, until  
39 December 31, 2024, and then seventeen cents per diesel  
40 gallon equivalent thereafter. The diesel gallon equivalent  
41 and method of sale for liquefied natural gas shall be as  
42 published by the National Institute of Standards and  
43 Technology in Handbooks 44 and 130, and supplements thereto  
44 or revisions thereof. In the absence of such standard or  
45 agreement, the diesel gallon equivalent and method of sale  
46 for liquefied natural gas shall be equal to six and six-  
47 hundredths pounds of liquefied natural gas. All applicable  
48 provisions contained in this chapter governing  
49 administration, collections, and enforcement of the state  
50 motor fuel tax shall apply to the tax imposed on liquefied

51 natural gas, including but not limited to licensing,  
52 reporting, penalties, and interest;

53 (6) Propane gas fuel, five cents per gallon until  
54 December 31, 2019, eleven cents per gallon from January 1,  
55 2020, until December 31, 2024, and then seventeen cents per  
56 gallon thereafter. All applicable provisions contained in  
57 this chapter governing administration, collection, and  
58 enforcement of the state motor fuel tax shall apply to the  
59 tax imposed on propane gas including, but not limited to,  
60 licensing, reporting, penalties, and interest;

61 (7) If a natural gas, compressed natural gas,  
62 liquefied natural gas, electric, or propane connection is  
63 used for fueling motor vehicles and for another use, such as  
64 heating, the tax imposed by this section shall apply to the  
65 entire amount of natural gas, compressed natural gas,  
66 liquefied natural gas, electricity, or propane used unless  
67 an approved separate metering and accounting system is in  
68 place.

69 2. All taxes, surcharges and fees are imposed upon the  
70 ultimate consumer, but are to be precollected as described  
71 in this chapter, for the facility and convenience of the  
72 consumer. The levy and assessment on other persons as  
73 specified in this chapter shall be as agents of this state  
74 for the precollection of the tax.

75 3. [In addition to any tax collected under subdivision  
76 (1) of subsection 1 of this section, the following tax is  
77 levied and imposed on all motor fuel used or consumed in  
78 this state, subject to the exemption on tax liability set  
79 forth in section 142.822: from October 1, 2021, to June 30,  
80 2022, two and a half cents per gallon; from July 1, 2022, to  
81 June 30, 2023, five cents per gallon; from July 1, 2023, to  
82 June 30, 2024, seven and a half cents per gallon; from July

83 1, 2024, to June 30, 2025, ten cents per gallon; and on and  
84 after July 1, 2025, twelve and a half cents per gallon.]

142.822. 1. Motor fuel used for purposes of  
2 propelling motor vehicles on highways shall be exempt from  
3 the fuel tax collected under subsection 3 of section  
4 142.803, and an exemption and refund may be claimed by the  
5 taxpayer if the tax has been paid and no refund has been  
6 previously issued, provided that the taxpayer applies for  
7 the exemption and refund as specified in this section. The  
8 exemption and refund shall be issued on a fiscal year basis  
9 to each person who pays the fuel tax collected under  
10 subsection 3 of section 142.803 and who claims an exemption  
11 and refund in accordance with this section, and shall apply  
12 so that the fuel taxpayer has no liability for the tax  
13 collected in that fiscal year under subsection 3 of section  
14 142.803.

15 2. To claim an exemption and refund in accordance with  
16 this section, a person shall present to the director a  
17 statement containing a written verification that the claim  
18 is made under penalty of perjury and that states the total  
19 fuel tax paid in the applicable fiscal year for each vehicle  
20 for which the exemption and refund is claimed. The claim  
21 shall not be transferred or assigned, and shall be filed on  
22 or after July first, but not later than September thirtieth,  
23 following the fiscal year for which the exemption and refund  
24 is claimed. The claim statement may be submitted  
25 electronically, and shall at a minimum include the following  
26 information:

- 27 (1) Vehicle identification number of the motor vehicle  
28 into which the motor fuel was delivered;  
29 (2) Date of sale;  
30 (3) Name and address of purchaser;

- 31           (4) Name and address of seller;  
32           (5) Number of gallons purchased; and  
33           (6) Number of gallons purchased and charged Missouri  
34 fuel tax, as a separate item.

35           3. Every person shall maintain and keep records  
36 supporting the claim statement filed with the department of  
37 revenue for a period of three years to substantiate all  
38 claims for exemption and refund of the motor fuel tax,  
39 together with invoices, original sales receipts marked paid  
40 by the seller, bills of lading, and other pertinent records  
41 and paper as may be required by the director for reasonable  
42 administration of this chapter.

43           4. The director may make any investigation necessary  
44 before issuing an exemption and refund under this section,  
45 and may investigate an exemption and refund under this  
46 section after it has been issued and within the time frame  
47 for making adjustments to the tax pursuant to this chapter.

48           5. If an exemption and refund is not issued within  
49 forty-five days of an accurate and complete filing, as  
50 required by this chapter, the director shall pay interest at  
51 the rate provided in section 32.065 accruing after the  
52 expiration of the forty-five-day period until the date the  
53 exemption and refund is issued.

54           6. The exemption and refund specified in this section  
55 shall be available only with regard to motor fuel delivered  
56 into a motor vehicle with a gross weight, as defined in  
57 section 301.010, of twenty-six thousand pounds or less.

58           7. The director shall promulgate rules as necessary to  
59 implement the provisions of this section. Any rule or  
60 portion of a rule, as that term is defined in section  
61 536.010, that is created under the authority delegated in  
62 this section shall become effective only if it complies with

63 and is subject to all of the provisions of chapter 536 and,  
64 if applicable, section 536.028. This section and chapter  
65 536 are nonseverable and if any of the powers vested with  
66 the general assembly pursuant to chapter 536 to review, to  
67 delay the effective date, or to disapprove and annul a rule  
68 are subsequently held unconstitutional, then the grant of  
69 rulemaking authority and any rule proposed or adopted after  
70 August 28, 2021, shall be invalid and void.

71 **8. This section shall expire on October 1, 2026.**

Section B. Because of the need to provide immediate  
2 relief from motor fuel costs, section A of this act is  
3 deemed necessary for the immediate preservation of the  
4 public health, welfare, peace, and safety, and is hereby  
5 declared to be an emergency act within the meaning of the  
6 constitution, and section A of this act shall be in full  
7 force and effect upon its passage and approval.
